CHEN40140

Academic Year 2025/2026

Biopharmaceutical Engineering Project (CHEN40140)

Subject:	Chemical Engineering	Module Coordinator:	Dr Colin Clarke
College:	Engineering & Architecture	Trimester:	Summer
School:	Chem & Bioprocess Engineering	Mode of Delivery:	On Campus
Level:	4 (Masters)	Internship Module:	No
Credits:	30	How will I be graded?	Letter grades

Curricular information is subject to change.

The research project consolidates course work and intensive research experience in anexciting way, providing a route to technological publications, and rounding off the yearsof study in a satisfying way. These should not only include testing students' basicknowledge of the course content, but also testing their conceptual understanding andproblem-solving skills, enhancing the multidisciplinary biopharmaceutical engineeringknowledge, expanding their analytical abilities.
